Welcome.

Aging is all about how you look and feel. At The Spa, we believe in celebrating every age with a program of renewal, helping to alleviate your body from outside interferences—stress, pollution, sun exposure, life’s little overindulgences—with forward-thinking skincare, detoxifying treatments, therapeutic massage, and exercise. Because achieving your optimal beauty is possible at any age.

A Natural Wonder, the Ginkgo has survived over millions of years. Hailed as the healing tree in China, its therapeutic bark, leaves, and seeds have brought wellness to generations. The long-lived Ginkgo is not only beautiful, but remarkably resistant to disease, tolerant of air pollution, and virtually undisturbed by the effects of the environment.
