FLAVOURS FROM THE ESTATE

With 4,200 verdant acres, it's no surprise that our estate provides us with delicious natural products. From our olive grove, we produce the Castello di Casole extra virgin olive oil that enhances many of Chef Daniele Sera's specialities. Continuing a long winegrowing tradition, we still count a limited production of 6,000 bottles among our gourmet gems. Si di Si is a tempting red blend of our own estate grapes, Sangiovese, Petit Verdot and Cabernet. Furthermore, our industrious beehive bees produce exceptional wildflower honey and the Orti del Castello can host a wide range of activities. From in-depth tours to learn about farm produces, and how to harvest and prepare them in sustainable cooking classes followed by an open-air picnic. To hands-on workshops ranging from the preparation of herbal teas and natural cosmetic products with botanical eco-printing.

FAMILY FUN

Our hotel is perfect for family adventures or relaxing stays with your little ones. We offer children's menus and highchairs in the restaurants, a babysitting service on request and an array of activities, including horseback riding, painting classes and cookery lessons. Our new vegetable gardens offer unforgettable Tuscan experiences. Here children can learn how to tend to fruit and veggies in their natural environment.
