ACTIVITIES FOR KIDS

(additional fees apply)

DO IT LIKE A CHEF

At our Pool Snak Bar, overlooking the Infinity pool, our top chef is ready to welcome you to his kingdom and invite you to enjoy the exciting experience of preparing your own pizza with genuine local ingredients and the real traditional Neapolitan recipe. You start by preparing the dough and then you learn how to stretch it, dress it with different ingredients and bake it. Obviously - at the end of the 'adventure' - you have to taste and eat your own pizza.

CREATE YOUR OWN MOVIE

Led by a professional film maker, kids are invited to create their own 'vacation' movie. They will choose the location, decide the soundtrack and learn how to plan the scene, act it out and make sure they capture it just how they want it.

AMALFI POTTER

After a brief introduction to the history and the origins of the Vietri ceramic, the most typical craft of the Amalfi Coast, kids are encouraged to show off their creativity wheel throwing, hand building, shaping and decorating their own piece of art to bring back home as a special unique memory.
