### EXPERIENCES

**DINING WITH LEONARDO:** It is said that Leonardo da Vinci tested his flying machine on the hills above the hotel, in Monte Ceceri Park. To celebrate this connection with the Renaissance genius, take a sit under our pergola and explore one of his lesser known interests: food and nutrition. An ingenious menu influenced by his food predilections awaits, as well as an engaging performance.

**COOKING CLASS:** Food lovers will have the time of their lives as they explore the world of Italian cuisine with our Executive Chef, Alessandro Cozzolino. After a hands-on lesson, you'll take home your personal portfolio of recipes as well as a professional apron. But not before having a delicious lunch based on your creations at La Loggia Restaurant.
