Create your own Christmas Wreath

AT BELMOND LE MANOIR AUX QUAT'SAISONS

Christmas is the time to fill our homes with all the magic and cheer of the season. There is nothing more warm and welcoming than a gorgeous wreath on your front door, lovingly created with a touch of homemade charm. When it comes to preparing for Christmas, your outdoor decorations are truly just as important as those you hang up inside.

This year our resident florist, Sofia, will take time out from decorating the house to host fun and festive workshops, right at the heart of Le Manoir.

In preparation, Sofia will pre-moss copper wreath ring the traditional way, ready for you to bind with natural spruce and pine. She will provide a glorious selection of decorations for you to choose from. Join her for tea, coffee and freshly baked viennoiseries before you get creative and enjoy a joyful morning of wreath making. And what better way to admire your Christmas creation than with a sparkling glass for champagne and Benoit Blin's homemade mince pies.
