

FARMING EXPERIENCES *Organic Rice Farming*

Experience the traditional production of rice...

This tour offers the experience of traditional Laotian life as a farmer. You will have the opportunity to experience the traditional rice farming.

The informative guiders will take you on a journey back in time as you work with your hands with traditional agricultural tools to plant and harvest rice. You will discover the different stages of the rice growing from the selection of the best seeds for planting, tilling the rice paddy using a buffalo, harvesting and finally tasting rice products.

You will have the option of participating in any stage, from using the plough with the buffalo to planting the seeds, by hand in the water on the rice fields. This two-hours experience enhances your knowledge about the working life of Asian rice farmers.
