From tired moms, double Oscar winning actresses, nervous brides and overactive toddlers - I've worked with people from every walk of life.

I'd love to work with you.

Step into the hair salon and you will find yourself wrapped in a cocoon of relaxation and great service, along with some of the best hair care products available, and most of all – a deep respect for the integrity of your hair.

My aim is to create an environment which nurtures, protects and cares for people and their hair needs.

I have a great love of cutting and colouring hair, and with that a deep respect for the wellbeing of your hair.

Intense passion for the industry with 33+ years of experience.
